NUMBER 96

Death of W. A. Hill Sr.

Mr. W. A. Hill, Sr., passed away at his home on Pleasant street yesterday morning about 4 o'clock, of heart failure, superinduced by the grip.

Mr. Hill was one of our oldest and most highly respected citizens. He was born near Marietta, Ohio, on March 10th, 1833, and was therefore in his seventy-fifth year of age. He learned the marble and granite trade as an apprentice in Dayton, O., located in Louisville. From there he went to Frankfort, and shortly afterwards came to Paris, where he established his present business, in which he was the pioneer. He was in this one business in Paris for fifty years, and during that time greeted many of the most notable monumental works in Central Kentucky cemeteries.

Mr. Hill was of a jovial disposition and a popular man with a large circle of friends. He was a man of the strictest business integrity and always stood high in business circles.

He was one of the oldest members of the Masonic Lodge in this county, and for years, a consistent member of the Paris Christian church, having long been a member of the choir of that church.

He is survived by six daughters and three sons—Misses Lizzie, Flora and Mabel Hill, Mrs. Lytleton Purnell, of Paris, Mrs. J. K. Smith, of Dayton, Ky.; Mrs. Lee Barbour, of St. Matthews, Ky.; Geo. M. W. A., Jr., and Chas. R. Hill, of Paris.

The funeral services will take place from the residence this (Tuesday) afternoon, at 3 o'clock, conducted by Elder Carey E. Morgan. Pall-bearers will be W. T. Telbott, L. Frank, J. T. Quisenberry, Dr. J. T. Brown, Geo. Ashurst and J. H. Haggard.

MATRIMONIAL.

A marriage license was issued Saturday to Miss Nannie E. Richardson and Mr. L. R. Brown, both of this county. They were afterwards married by Rev. J. P. Strother, of the Methodist church.

Want to Compensate Powers.

W. W. Byrley, of Barbourville, fellow-townsmen of Caleb Powers, and Chairman of the Eleventh Congressional District Republican Committee, said that the Republicans of the 11th District propose to send Powers to Congress at the coming November election in event Governor Willson grants him a pardon. "I think I know the feeling and sentiment of the people of the 11th District," he said, "and Powers will be nominated without opposition by his party if he is given his liberty and will run. He is held in high esteem by the Republicans of his home district who feel that he has been a badly persecuted man and to compensate for the wrong he has suffered they will unhesitatingly confer upon him any office within their gift."

Meeting of Richard Hawes Chapter.

The Richard Hawes Chapter, D. of C., held a very interesting meeting in their rooms at the court house Saturday afternoon. The exercises were appropriate in commemoration of the one hundred and first anniversary of General Robert E. Lee.

The meeting was presided over by the President, Mrs. R. J. Neely, after the invocation and a duet by Mrs. W. A. Johnson and Miss Hays, the following pieces, bearing upon the life of General Lee were read:

"General Lee as I Knew Him," by Mrs. W. G. Talbot; "How a Confederate Soldier Laid Violent Hands on General Lee," by Mrs. C. C. Leer; "The Trainer of Traveler," by Mrs. J. J. Connell, and a poem by Mrs. Harry B. Clay entitled "Marse Robert's Asleep." Mrs. J. T. Vansant also read from Valentine's reminiscences of General Lee. The work of the Chapter for the ensuing year has been prepared in an elaborate program entitled, "The Women of the South."

Mrs. W. A. Johnson and daughter, Mrs. J. S. Wilson, were hostesses a delightful luncheon being served. After the rendition by Mrs. Johnson and Miss Hays of "Suwanee River" the chapter adjourned.

RESOLUTIONS ADOPTED.

Resolved, That in the death of Mrs. Sarah S. Short, another golden link has fallen away from the rapidly shortening chain that binds the life of today with the beautiful yesterday. With the passing of this splendid representative of the Southern gentlewoman, we feel that our loss is irreparable and that we, as Confederate daughters should prize and keep as a precious gift the memory of this, our Confederate mother, whose gentle spirit has sweetened life for so many. And that in later years, when silver threads have twined the crown of age about her brow and heavy invalidism fell upon her, her courage and interest in our work never faltered. To the memory of this noble woman, we bow our heads in reverence. That a copy of these resolutions be sent to the grief-darkened home.

RICHARD HAWES CHAPTER, U. D. C.

Mrs. C. C. Leer, Miss Kate Edgar, Mrs. J. T. Vansant, Committee on Resolutions.

Opposition Springing Up.

Opposition to the bill introduced in the Legislature, and which by its drastic provisions would drive the American Tobacco Company from the State, is springing up, and business men of Louisville and other cities are preparing to urge its defeat. Should the bill become a law the immense factories in Louisville, employing thousands of men, would be closed down.

DEATHS.

Mrs. Elizabeth Stolworthy, wife of G. W. Stolworthy, died of pneumonia at her home on Walnut Hills, Cincinnati, early Friday morning. She was 75 years of age and a native of Bourbon county, being a sister of John R. Montgomery, of Ruddies Mills.

Mrs. Stolworthy resided in Paris for many years where her husband was a well known merchant tailor. She is survived by her husband, who is over eighty years of age, and quite feeble, and four sons, Robert Stolworthy, John R. Stolworthy, Edgar Stolworthy and Richard Stolworthy, all of Cincinnati, and two daughters, Mrs. Cace, of the same city, and Mrs. A. P. Adair, of Bourbon, who has been with her mother since Christmas day. Mrs. Stolworthy was a most excellent Christian woman.

The remains were brought here Sunday morning for interment in the family lot in the Paris cemetery. Funeral services were held in Cincinnati Saturday, and short services at the grave by Rev. Litsinger.

BIRTHS.

Born, On Jan. 10, to the wife of Chas. Jordan, nee Plummer, a ten and one-half pound daughter.

Born, at Owingsville, on Jan. 11, to the wife of Clark Bascom, nee Lula Grimes formerly of near Millersburg, a daughter, first born.

Short funeral services were held by Rev. J. S. Malone at the grave yesterday afternoon, over the remains of the infant son of Mr. and Mrs. J. M. Brennan, which was born Sunday morning. Much sympathy is expressed for this popular couple, and their host of friends trust that Mrs. Brennan, who remains seriously ill, will soon recover.

Mr. Abe Keller, aged 83, died Tuesday at the residence of Mr. John Allison, near Centerville, due to the infirmities of age. He was never married and had been living at Mr. Allison's for the past thirty-one years.

He was the son of Jacob Keller, a prominent farmer and citizen of Bourbon county many years ago, and the uncle of Hon. John W. Keller, of New York. The funeral services were conducted by Dr. E. A. Dawes, pastor of the Georgetown Baptist church. The burial followed in the Jacksonville cemetery.

Bill Day In Legislature.

Extension of the County Unit Law
so as to make it apply to all counties
in the State is provided by two bills
which were introduced Thursday, one
in the Senate and a similar bill in the
House. Both bills make the county
the unit. The one in the Senate was
introduced by Senator Rives, and the
one in the House by Representative
Haswell.

It was first bill day in the House,
and the members turned loose the flood,
pouring in 113 bills of all kinds and de-
scriptions, from repealing the dog tax
law to amending the Constitution. The
dog tax law was the most popular, and
four members offered bills repealing
this section of the State laws about
which so much has been said. Repre-
sentative Dixon put in one in accordance
with his promise to the people
of his district.

The Republicans opened their guns
on the retiring Democratic Administration
when Senator Burnam offered a
resolution calling on the State Auditor
to report to the Senate the amount of
fees paid by the State during the last
twelve years for special attorneys, the
persons to whom these fees were paid.
The resolution was adopted, and the
Republicans claim that it will be
shown that large sums were paid out
for special attorneys under the admin-
istration of J. C. W. Beckham.

Some of the most important laws
which were proposed in bills offered
Thursday morning were as follows:

Bill providing for indeterminate sen-
tences for prisoners in penitentiaries.

Bill appropriating \$10,000 for a monu-
ment on Shiloh battlefield.

Bills appropriating \$350,000 to fur-
nish and complete the new Capitol and
\$50,000 for a new mansion.

Bill fixing license of saloons in Louis-
ville at not less than \$500.

Bill reducing tax rate to forty-two
cents.

Alarmed for Japan's Future.

London is alarmed for Japan's
future. British statesmen think the
combined political and financial crisis
there are about the most serious any
nation could possibly face and as a re-
sult no further talk of a Japanese
declaration of war against any other
power in the world for a long time to
come.

Even with the best management,
British statesmen and financiers say
they can't figure out how the Mikado
can wring between \$62 and \$63 per
annum from each one of his subjects,
the poorest of any people on earth,
until the war debt is paid.

If he fails Japan will get into the
bankruptcy court.

For a government in this situation to
talk about war against the United
States is too ridiculous to be discussed.

To Drive Trust Out of State.

Representative C. F. Creelius, of
Pendleton county, believes that he has
solved the problem of how to handle
the tobacco situation in Kentucky.
Thursday afternoon in the House of
Representatives he introduced a bill
which makes it unlawful for the Ameri-
can Tobacco Company, or any other
trust or combine of the kind, engaged
in buying or selling tobacco to do busi-
ness in Kentucky. His bill leaves it
to the discretion of a jury to say what
the amount of the fine shall be against
such a trust violation of the sections of
the act.

Not only is the tobacco trust com-
pletely put out of business in the State
by the provision of this act, but it is
made impossible for its agents or rep-
resentatives to purchase tobacco in
Kentucky, a fine of \$5,000 and im-
prisonment for one year being the
penalty provided.

Representative Creelius is a mem-
ber of the Society of Equity, and it
is understood that the Society will
stand solidly behind him for the pas-
sage of his act.

Along with his bill Mr. Creelius
offered another which provides a pen-
alty for anyone who shall break a con-
tract to pool his tobacco or other crop.

yields to a few applications of Cham-

Laws Desired.

At a meeting of the Mayors of
fourth-class cities of which Paris is
one, the following bills were agreed
upon and the Legislature will be asked
to pass them:

"Bill to define the powers of the
Mayor in regard to his jurisdiction over
police: giving him the right to
suspend them for non-performance of
duty.

"Bill empowering Mayor to act as
Police Judge of and to appoint a pro-
tem Judge in the absence of the regu-
lar Judge.

"Bill providing for election of mem-
bers of School Board by secret ballot
instead of the present viva voce, open
ballot system. It is expected that such
a law will stimulate interest in school
elections.

"Bill to prohibit members of Boards
of Education—the same as Councilmen
—from engaging in contracts for fur-
nishings and supplies for the schools.

"Bill providing for the annexation
of territory according to the same
method provided for second class cities;
this is, that purpose to annex con-
templated territory shall be advertised,
and remonstrances heard by the Cir-
cuit Judge, who has final power."

Kentucky's Shame.

Between 1880 and 1900 negro illiter-
acy in Kentucky diminished 30.3 per
cent; in the same time white illiteracy
decreased 9.1 per cent; percentage of
illiteracy, of total voting population
18.8; Rank of Kentucky on this basis,
38; percentage of illiteracy of white
voters, 13.9; rank of Kentucky on this
basis, 46; percentage of illiteracy of
native white voters of native parent-
age, 15.5; rank of Kentucky on this
basis, 49.

There are thirty-eight counties in
Kentucky in which the percentage of
illiterate white voters is twenty or
more, in eight of these the percentage
is thirty or more, and in three it is
thirty-five.

In some of these counties, therefore,
every fifth white voter, in others every
fourth white voter, and in some every
third white voter, as he steps into the
voting booth, must look at the picture
to know how to vote!

The "Full Dinner Pail."

They have had "rent" riots on the
east side in New York, and the Chicago
Tribune, Republican, advocates the es-
tablishment of a soup house for the
benefit of unemployed and hungry men.
And this is under a Republican admin-
istration and the Republican emblem
was "the full dinner pail!"

The Rabbit Law.

The question has been frequently
asked us whether it is now against the
law to shoot rabbits. It is not. It is
against the law to shoot birds after
January 1st, but the law against shoot-
ing rabbits is only in effect each year
from September 15th to November
15th. It is lawful at any time to trap
rabbits, catch them with dogs or in any
other way but to shoot them within
the prescribed time.

Noted Author Dead.

The funeral of James R. Randall,
author of "Maryland, My Maryland,"
and numerous other poems and songs,
took place at Augusta, Ga., Thursday
and was one of the largest and most
impressive ever held in that city. The
exercises were held in Sacred Heart
Roman Catholic church, which was
thronged. At the grave "Maryland,
My Maryland," was sung by a special
choir.

Charges Drunkenness.

Quite a sensation was created in
society circles at Paducah Friday after-
noon when the announcement of the
filing of a suit for divorce by Dr. W. C.
Eubanks against his wife was made.
He alleges that she had been guilty of
habitual drunkenness. They married
nearly twenty years ago in Rising Sun,
Ind., and have one child, Leslie
Eubanks, fifteen years of age. Dr.
Eubanks asks for the custody of the
child. The plaintiff is one of Paducah's
most prominent physicians, and his
wife is one of the handsomest women
in Western Kentucky.

Cost of Canal.

Secretary Taft, in a statement be-
fore the Senate Committee on Inter-
oceanic Canals, expressed the opinion
that the ultimate cost of the Panama
canal would be approximately \$300,-
000,000. The work, he thought, should
be completed within six years from
next July.

Fast Twins.

S. D. Burbridge's twin colts by
Prodigal 2:16 have grown very fast in
the last three or four months. They
are running out at Brooklawn farm in
this county, and look very rugged in
their winter coats. They are now
three years old. Each trotted a mile
in 2:40 last summer. These twins may
never enter the 2:10 list, but there is
hardly a doubt that they will take
standard records this year.

Mail Subscribers Must Pay in Advance.

The United States Postoffice Department has issued an order, No. 907, dated December 4, 1907, amending the postal regulations, which will hereafter compel newspapers to enforce business principles in their circulation department and probably reduce the press-room waste that has cut some figure in the recent 50 per cent. advance in the price of white paper.

The new order is intended to reduce the volume of second-class mail matter made up of newspapers and magazines, which the government now carries at one cent a pound, entailing a big annual loss to the postoffice department.

It practically limits the use of the mails at these cheap postage rates to papers sent to bona-fide subscribers paid in advance, and publishers will be fined four cents for every pound of mail sent out in violation of the regulations.

In order that the new rule may not be harsh in its application, the postoffice department has provided that a reasonable time shall be allowed to publishers to secure renewals of subscriptions before cutting off subscribers whose time has expired or who are in arrears. This time allowed is fixed at months 3 for daily papers, for 9 months for semi-weekly papers, and four months for monthly magazines.

Under the operation of this rule publishers will find an amount equal to the transient postage rates, four cents a pound, for every daily newspaper sent to a subscriber over three months in arrears and for every semi-weekly newspaper sent to a subscriber nine months in arrears.

Publishers generally will, we believe, be glad that this regulation has been made by the Postoffice Department, as it will effectually settle the question whether mail subscribers should be cut off at the expiration of their subscriptions. In the past it often happened that subscribers who were carried over the time for which they had paid complained because they were not discontinued, while others who were promptly cut off at expiration took offense and felt that this was an imputation on their honesty or ability to pay.

The new regulation establishes for the future a business-like custom that it is fair to publishers and subscribers, and relieves the matter of all embarrassment to either side.

There is no doubt that the old custom was abused by publishers and subscribers, by the former in sending papers and bills to people who wished to discontinue and by the latter in accepting and reading papers and then refusing to pay for the ground that the subscription had expired.

In compliance with the new law we will at once send out bills and renewal notices to all mail subscribers who may be in arrears, and hopes to have prompt responses in order that there may be no violation on our part.

In the past we have never used these columns to urge payment of subscriptions or arrears, leaving such business details to the circulation department, but we believe the new postal regulations, requiring that all subscribers be cut off if nine months in arrears, on penalty of forfeiture of second-class postage privileges, justifies this explanation, which will be run in several issues in order that all our mail subscribers may understand the new order of things.

He Sure Was a Man!

When William Allen rose up in the early seventies and surprised the country by being elected governor of Ohio on the Democratic ticket one of the obstacles he triumphed over was the charge of being an old man. He addressed a great meeting at Mozart hall in Cincinnati the night following the day in which this ill advised charge had been brought against him by a responsible Republican leader. Strong, vigorous and well preserved as he was and retaining unbroken that quality of voice which had designated him as "Foghorn Allen" when he was in the senate, he was still politician enough to use it for all it was worth to him. After stating the charge in all its heinousness he straightened himself to his full height of more than six feet and, beginning in a loud voice, asked, "Am I a man?" The next question was in a voice pitched a scale higher and asked, "Do I look like a man?" But the third, in which he put out all of his tremendous vocal power, thundered to shake the roof in roaring, "Do I talk like a man?" The audience was thrilled. Such high physical power in a man of that age appealed to it irresistibly.—St. Louis Globe-Democrat.

Fascination of Burglary.

"My champion burglar," said Mr. Holmes, the police court missionary, "is a bookbinder by trade, who has been in jail on and off for half a century."

Mr. Holmes' ramifications with this chronic breaker of the law constitute an instructive scene from his work. He behaved to the erring bookbinder quite as a brother; the man had the entree of the house and enjoyed the friendship of the family. How was he in the habit of repaying this hospitality? By going out to burgle. Twice Mr. Holmes set him up, but in vain. The only charm that life has for this extraordinary being is the opportunities it vouchsafes for committing burglary.

"Why on earth don't you leave off burglary?" Mr. Holmes asked him once. "Mr. Holmes," was his reply, "there's no fascination in the world to equal it. The silence of the night, the element of danger, the need of keeping every sense on the alert—it's grand."—Cassell's Journal.

Dealing In "Cats and Dogs."

No antiquarian pursues a more profitable or fascinating calling than the dealer in "cats and dogs," as the antiquities of Wall street are dubbed. "Cats and dogs" are the remnants of old stock, bond and note issues of railroad, industrial or mining companies on which payment of interest, dividends or principal has been in default for years. Some of these securities are worthless and obsolete, some of doubtful value, while a few are worth their weight in gold. Only the expert in obsolete securities can detect their worth. Many of these securities can be picked up at the official auction room of Wall street. Many brokers closely scrutinize the securities that are offered at this auction room, and only a few months ago 100,000 shares of stock in a certain mining company were sold for a song, from which the broker hopes to realize a big sum.—Pittsburg Dispatch.

Phrases or Handcuffs.

It is customary to remark that modern problems cannot easily be attacked because they are so complex. In many cases, I believe, it is really because they are so simple. Nobody would believe in such simplicity of scoundrelism even if it were pointed out. People would say that the truth was a charge of mere melodramatic villainy, forgetting that nearly all villains really are melodramatic. Thus, for instance, we say that some good measures are frustrated or some bad officials kept in power by the press and confusion of public business, whereas very often the reason is simply healthy human bribery. We waste our fine intellects in finding exquisite phraseology to fit a man when in a well ordered society we ought to be finding handcuffs to fit him.—G. K. Chesterton in Illustrated London News.

May Turn Black.

Professor McMillan Brown, ethnologist, holds that the future Australian people will in all probability be black. The Polynesians, he said in a lecture at Sydney, came originally not from America, as has been supposed, but from Asia. They were whites and changed color, just as the future Australian may do as the centuries go on, at least in the tropical regions of the north. The violet rays of the sun will turn him black in course of time.

Sorry He Spoke.

"Really, Miss Primm, you ought to get married," remarked Wedderly. "You'll soon be in the spinster class if you don't hurry up and catch on."

"Oh, don't worry about me, Mr. Wedderly," replied Miss Primm. "If I were as easy to please as your wife I would have been married long ago."—London Telegraph.

Some Other Fellow's.

"With \$100,000," said the man of expansive ideas, "I could make a fortune in Wall street."

"Yes," replied the plier, "but whose fortune would you make?"—Washington Star.

WOMEN'S WOES

Paris Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains. They must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches of kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Mary Dykes, living on Second street, Paris, Ky., says: "I was troubled continually with a weakness and pains across the small of my back which quite seriously affected my general health. I had taken many well known kidney medicines, but gained very little. Reading of the good results obtained from the use of Doan's Kidney Pills, I called at J. A. Wilson's drug store and procured a box. Having given the medicine a fair trial, I can conscientiously say from the great benefit I have received, that Doan's Kidney Pills are a great medical discovery. I recommend them to all sufferers from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Pure Food Law.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy, have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by W. T. Brooks. You need no other guarantee.

Arrives in Prairie Wagon.

After five months and several days spent between San Francisco and Louisville in a prairie schooner drawn by two small mules with a led burro to supplement when needed Charles W. Thatcher, the "Apostle of Good Roads," reached Louisville Friday.

Mr. Thatcher is traveling in the interest of better roads, and seeks by a campaign of education and agitation to realize the dream of a solid rock road from Detroit to New Orleans and from coast to coast. He seeks the co-operation of the Commercial Club, of Louisville, and has gained the enthusiastic assistance of commercial clubs in other cities.

Mr. Thatcher is a civil engineer, and in his long drive from the Pacific he has made charts and surveys which he proposes to lay before the President at the end of his journey.

Bourbon's Representative Fares Well.

Speaker Gooch Thursday announced the standing committees in the House of Representatives, to which all bills are referred as soon as introduced. There are 51 committees giving each one of the Democratic members a chairmanship.

Hon. J. Hal Woodford, representative from old Bourbon was honored with chairmanship of the committee on Banks and Banking, one of the most important committees in the House. He is also a member of the Committee on Constitutional Amendments, Geological Survey and State Fair. By placing Mr. Woodford on these committees shows that his true worth as a Representative is appreciated.

Shipping Tobacco to Cincinnati.

The Bourbon County Board of Control of the Society of Equity have about completed arrangements by which the 1906 crop of tobacco will be safe from "night riders."

President John A. LaRue, Secretary John T. Collins, Thos. Henry Clay, Jr., and J. D. Booth, directors of the Bourbon Board of Control, went to Cincinnati and made arrangements with the Baltimore & Ohio Storage Company to store 1,400 hogsheads of tobacco, which is now being shipped daily from different points in the county to Cincinnati.

By this arrangement they claim to save considerable in insurance rates, they paying from \$1.50 to \$3 per hundred here, while at Cincinnati, the rate will only be 60 cents.

Shake In a Bottle.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion one ounce Compound Kargon three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home made mixture at the first sign of Rheumatism, or if you back aches or if you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

THEATRICAL.

A NOVELTY TREAT IN STORE FOR PATRONS OF PARIS GRAND.

Musical interest will center in the engagement of Cole and Johnson in their new musical sensation, "The Shoo-Fly Regiment," which will be seen at the Paris Grand next Friday. The appearance of these celebrated colored comedians and composers constitutes the first hearing of an organization composed entirely of negro actors. The unusual originality and bright catchy music of the production induced the management to present it at the Grand where it is expected to prove a highly interesting and diverting novelty.

"The Shoo-Fly Regiment" opens with a scene in front of a colored industrial school in the South, with cotton fields in the background. The pupils of the school, the attaches of the institute, reminding of Tuskegee, the neighbors and visitors cause the principals and chorus to appear natural. Then comes the call to the Spanish-American war, when a company of colored soldiers is organized with the principals in the ranks. The scene shifts to the Philippines, where the colored girls appear as Spanish señoritas, with characteristic music and dances. There is a touch of military melodrama, with a battle scene, then the home-coming, love's path straightens, more comedy, more music.

J. Rosmond Johnson takes the part of the hero in love with the daughter of the principal of the industrial school, while Bob Cole plays a comedy role, first as the janitor of the Lincolnville Institute and later as army cook and would-be hero. The music is beautiful and includes every class from rag-time to plantation melodies, and at times it borders on grand opera. The acting is wonderfully true to nature and there is not a weak member in the cast. There is a chorus of sixty and appropriate scenery has been provided for the three acts.

Bryan Will Address Joint Session Today.

Hon. William Jennings Bryan will address the joint session of the Kentucky Legislature today just before a ballot is taken for United States Senator. It is intended to be a Democratic love feast and Mr. Bryan will plead in eloquent words to get the prodigals or bolting Democrats to fall in line and elect Beckham. It is probable that Beckham will land today.

Death Penalty for Burglars.

Senator Thomas A. Combs has prepared a bill which he will introduce in the State Senate making the penalty for burglary death or imprisonment for life.

The measure also provides a penalty of not less than two nor more than ten years for robbery. When the criminal does not break into an inhabited dwelling. The measure is not expected to receive much opposition and Senator Combs believes it will be one of the first laws enacted at the present session.

Board of Control Meets.

The Bourbon County Board of Control of the Equity Society held an important meeting at the court house Saturday. A complete report from every precinct in the county was filed showing the work accomplished in securing pledges not to raise any tobacco in 1908. Farmers who had raised 4,100 acres of tobacco in 1907 had attached their names to an agreement to grow no tobacco in 1908. The farmers who grew the remaining 1,000 acres in Bourbon in 1907, refused to sign an agreement but informed the solicitors that they were contemplating not to raise any tobacco this year. The board also had under consideration the handling of the 1907 crop, which will be 3,800 hogsheads, an increase of 1,300 hogsheads over the 1906 crop.

Celebrate Golden Anniversary.

Mr. and Mrs. Bernard Santen, of 712 West Fourth street, Cincinnati, parents of Mr. Henry Santen, the popular salesman of the Power Grocery Company, in this city, on Saturday, celebrated their golden wedding anniversary. The celebration took place in the Holy Trinity church, in Cincinnati. The Rev. Father Herman Santen, one of the sons, who is a priest, celebrated solemn high mass and renewed the marriage vows of his father and mother.

After the church ceremony the couple, with their children, seven in number, and seventeen grandchildren and more than seventy-five relatives, repaired to the home where breakfast was served.

The aged couple were the recipients of many handsome presents.

Mr. and Mrs. Santen were born in Hanover, Germany. They were school companions. They came to this country on the same sailing vessel. Owing to the numerous deaths from cholera on the ship, when they arrived their vessel was sent to Cuba, where they were held in quarantine. After a number of days they were allowed to go to New Orleans, where they embarked for Cairo, Ill. They eventually moved to Cincinnati and were married in the Mother of God church, Covington, January 18, 1847.

Mr. Santen was for many years a foreman with the Big Four Railroad and built many of the telegraph lines for that road when the telegraph was introduced into the service. He later purchased several teams and by dint of hard work amassed a small fortune. He retired from business several years ago.

The children who attended Saturday's celebration were the Rev. Herman Santen, of New Richmond, O., John Santen, Henry J. Santen, of this city, Bernard Santen, Jr., Joseph Santen, Mrs. G. H. Rabe and Mrs. Joseph Nichols.

Archbishop Moeller attended the services in the Holy Trinity church and was present at the home festivities, where he made a beautiful congratulatory address to the aged couple.

He Heard of It.

Admiral Walker was a fine old sailor, and he was recognized as thorough. No personal friendship softened his manners to a delinquent. One day when he was sailing out from Hampton Roads with the international fleet that helped us to celebrate the centennial of Washington's first inauguration his orders about weighing anchor were disobeyed by his dearest friend in the service, who was in command of one of the ships, and as the old Chicago, the flagship, passed the trembling culprit the navies of the world heard "his whistlers" thundering out from the bridge oburgations and expressing wonder at his own moderation in not putting his old comrade under arrest. At another time when the white squadron was sailing out of a Mediterranean bay another old friend worked his ship so awkwardly that the admiral—then nearly a "trade dollar admiral"—suspended him by signal in the face of the whole fleet. The punished captain, coming aboard to protest against his public reprimand, puffed out indignantly, "Why, sir, I never heard of such a thing." "Well," said John, pulling at his big side whiskers, "you've heard of it now."—Harper's.

Guests Who Won't Order.

The business man returned to his office in a bad temper after the luncheon hour. "I wish people who haven't minds of their own would come to a realizing sense of the bother that they are to their friends and would develop a little initiative on their own account," he said. "Maybe it's only a mistaken idea of politeness, but anyhow it's a nuisance to be entertaining a person at the club and have him utterly without ideas as to what he wants to eat and drink. You ask him and he says he'll leave it to you, which is exactly what you don't want him to do. How can you divine his tastes, I'd like to know? What appeals to you very likely won't to him, and you know and he knows it. But your selections from the menu are always met with the comment 'That's very nice,' or 'You couldn't suit me better.' And so you go through the meal in a hit and miss fashion that certainly gets on the nerves of the host. The next time I run up against that kind of man I'm just going to sit back and let him do the entire ordering."—New York Press.

Where the Dog Is Valued.

In northern France and in Belgium especially the dog is indeed the friend of man. He is made to work. He gets little play except that small amount deemed sufficient to prevent canine dullness, yet he is so loved and so well cared for by his owner that he becomes a most important member of the family. The farmer, the tradesman, the householder, the guardsman of the frontier worships his dog—one of the first things he thinks of when founding his little home. He takes delight in rousing the dog's intelligence and loses no chance of pitting that intelligence against others. Local farmers vie with each other to improve a breed. Dog clubs take up the work, holding exhibitions in villages and towns. Cities challenge neighboring municipalities to contests on the grandest scale.—Wide World Magazine.

Wrecked by a Whale.

While cruising in the south seas the whaler Essex was furiously attacked by a cow sperm whale supposed to have been the mother of a calf which had just been harpooned. The whale had not been wounded herself, and her attack was very determined. At her first rush she passed under the Essex and carried away a great length of her false keel; then, coming to the surface a considerable distance away, she appeared to take bearings and deliberately charged the vessel again, ramming her with such violence that she stove in the bows, while the ship rolled so heavily that the captain thought she must be dismasted. The cause is memorable because the crew had to abandon the vessel, and one boat was never heard of again.—Baily's Magazine.

Jingled His Wealth.

Young Scotch Preceptor—Man Tammas, there's nae thing bothers me sair when I'm slavin', an' I canna get ower't. I'm awfu' nervous. Old Preceptor—Aye, aye. I wis the same as you when I wis young, but I found out a cure, an' I've aye kept ta'e. I jist pit seeva or acht coopers in my pouch, an' when I feel the nervousness beginnin' I give them a bit rattle. It mak's the feel kin' o' whit I may ca' independent like. Try't, mon, try't.—Dundee Advertiser.

High Living.

An eminent man who is a strict abstainer from both wine and animal food is obliged in consequence of this peculiarity to refrain from dining out. He entertains, however, an occasional kindred spirit. One such was recently at his table.

"You ought to have seen them," said the eminent man's son, "riotous over boiled carrots!"

In Wooden Shoe Land. Patience—Did you have any shoes made in Holland? Patience—Well, I tried to have a pair made, but when I went to get them they told me they hadn't cut the tree down yet.—Yonkers Statesman.

When Pride Is Humbled. "How can I ever hope to win such a proud beauty?" "Drop around when men are scarce. She ain't nearly so proud then."—Washington Herald.

A Disguise. To the Barber—Lather me thoroughly; there comes my tailor.—Flegende Blatter.

THE PLAY TO PLEASE ALL.

"The Holy City" has been acclaimed by clergymen of every denomination as the most reverential and dramatically effective of all Biblical plays. It mirrors the scenes and incidents surrounding the death of the Savior with marvelous realism and moving power and presents to the audi-

ence a whole palaxy of portraits from sacred history including John, the Baptist, King Herod, Herodias, his unlawful wife, Peter, Andrew and Judas, the betrayer, Caiaphas, Pontius Pilate, Mary Magdalene and a host of others. "The Holy City" is to be presented at the Paris Grand on Tuesday, January 21st.

Terrapin.

Terrapin begin laying about the middle of May and hatch in about thirty days. The female terrapin scratches a hole in the sand with her fore paws, deposits her eggs, from thirteen to nineteen, in it and then covers them up and leaves the heat of the sun on the sand to hatch out the young terrapins. They are not much bigger when hatched than a man's thumb nail and are as soft as dough. They crawl around pretty lively and begin to hunt for their food, consisting of small fish, crabs, etc. The first summer they are quite small, and about the first to the middle of November they go into their winter quarters. These consist of some soft mudhole in the marsh or on the bottom of some stream. Here they sleep until about the middle of April or later, when they come out and are of quite respectable size, say four inches in breadth. The next year they are six inches and the third seven inches in breadth. It is undoubtedly while the terrapin slumbers in the mud that he acquires the peculiar qualities for which we admire him. It is the only flesh known which one can crush in his mouth with his tongue without the aid of his teeth. The other animals run about, sleeping only at night. The terrapin sleeps night and day for six or seven months of the year and takes his night naps, too, for the balance of the year.—Baltimore Sun.

Pen Portrait of Grieg.

Here is as vivid a picture of Grieg the man as any that has yet been drawn. A correspondent who saw the noted Scandinavian composer when he received his honorary degree at Cambridge, in England, in 1894, makes it for the Manchester Guardian: "It was a sad and a strong face that I saw, one might almost have said a grim face, but that there was nothing of hardness in it, a face which must have inspired both respect and affection in all who met him. Yet as the little, old looking man stood there in the red and yellow gown of a doctor of music there was something incongruous about his appearance, the head, encircled with long, straight, white hair, appearing above the still stiffer, straighter lines of gaudy broadcated silk, which descended to the ground in the form of a regular cone, and the smile of one visitor, who remarked that they made him look just like a penwiper, was irresistibly accurate."

Beer Capacity of a Munich Porter.

An English family touring in Bavaria called at the world famous Hofbrauhaus, the pride of Munich, writes our correspondent. To the waitress serving them the head of the family in a matter of fact way simply held up his five fingers. To the family's astonishment, the waitress came back with five quart pots filled to the brim with beer. The visitors bravely struggled with the beer, but managed to dispose of only about a quart between them. Knowing that it would be considered an insult to leave beer, they called a porter and ordered him to finish it. In less time than it takes to relate it the Bavarian stood and the task. Wiping his mustache, he demanded sixpence for the "job" and, having obtained the money, instantly ordered and emptied yet another quart pot.—London Mail.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them and in the process of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood purifier known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works, which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing ailments, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unimpeachable testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic troubles, painful periods, irregularities, prolapsus and other diseases, caused by weakness, displacement of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

Ninety-Seventh Birthday.

Mrs. Martha Stone, of Maysville, celebrated her ninety-seventh birthday at the home of her daughter, Mrs. H. H. Collins, Wednesday. Mrs. Stone fell some time ago, and but for the injuries received at that time she would be a remarkable woman. Her eyesight is good, her mental faculties are clear and she says she is as well at any time in her life. Her husband, Thomas Stone, has been dead for years. As is her custom at every birthday celebration, Mrs. Stone served dainty refreshments to her callers.

MEETING OF BOARD OF MISSIONS

—Brief mention was made in Friday's issue of the mid-year meeting of the Board of Missions of the M. E. Church South, which convened here Wednesday and Thursday. The meeting was called to order Wednesday at 2 p. m. by Rev. C. A. Tague, of Richmond. Chairman; Rev. E. C. Savage, of Simpsonville, Secretary; Rev. B. C. Horton, Treasurer. A number of applications for appropriations were considered and \$100 was made to the Haz 1 Green charge.

Rev. E. C. Savage was appointed to attend the meeting of the secretaries of the Conference Boards of Missions to be held at Nashville, Tenn.

The Presiding Elders were requested to appoint ten delegates from each district to attend the Laymen's Missionary Meeting to be held at Chattanooga, Tenn., April 21 to 23, 1908.

Rev. E. C. Savage, Secretary, gave a chart exhibit of the missionary work in the conference, which showed a very marked advance in all districts. Rev. Ed. F. Cook, who has been elected by the General Conference to have oversight of the Young Peoples Missionary Movement in the entire church, delivered a stirring address in the evening. Subject, "The Coming Kingdom," and he showed that the opportunities and success of the church have never been such as at the present time.

THURSDAY MORNING.

Session began at 10 o'clock. Dr. J. R. Deering, of Lexington, gave a very practical and instructive address on "Missions in the Bluegrass." This was followed by a very spirited discussion on the policy and methods of work in the Bluegrass.

Rev. F. M. Hill, Missionary Secretary of the Conference, gave an address on its work. A special effort has been made to induce the pastoral charges in the Conference to pay the assessments in full. Twice as many did this last year than had done so the previous year. More than four times as many charges paid more than the assessment than ever paid the previous year.

The afternoon session began with an address by Rev. J. W. Sawyer. He showed that there was a large field in the Kentucky mountains for evangelistic work and that there was a great opportunity, especially in the mining camps to establish public and graded schools and organize churches.

After discussing methods of work, Rev. Ed. F. Cook was requested to explain the methods he had employed in Southern Georgia by which such marvelous results had been accomplished.

Rev. Cook spoke again at night on the subject of "The Power of Many in the Kingdom of Christ." His address held the closest attention of his audience throughout and was very convincing.

The meeting adjourned sine die. Expressions were heard on every side that it was a great meeting and will result in much good.

THE GREAT ANNUAL CLEARANCE SALE

Begun Saturday has Proven a Great Success—Astounding Price Reductions Are Telling.

We did a rushing business last Saturday, and we expect still larger crowds for this week, as our low prices will become known to the people of Paris and vicinity. We have decided to make it a record-breaking sale in the history of our Store. We are determined to convert our Winter Footwear into ready cash at any price, rather than carry it over for next season. As it is a well-known fact that our prices are always the lowest, and that our stock consists of the best makes in the country. We think it unnecessary to explain further.

The Low Prices Are Telling—Sale to Continue Until February 1st.
